DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7, 9, 11 and 13-35 are allowed.
2. The following is an examiner's statement of reasons for allowance.

Prior art of record fails to teach or fairly suggest an apparatus and method wherein an advertiser (i.e. sponsor) first inputs advertisement message into a first communication device that is in the on-hook state. While the communication device is still in the on-hook state the advertiser continues to enter subscriber telephone numbers, the telephone number of the advertiser (i.e. sponsor) and the name of the advertiser that is to be presented to a subscriber device as caller ID data. When a predetermined button (i.e. "SEND" or "ENTER" key) is pressed the advertiser (i.e. sponsor) is able to occupy a central office line in the off-hook state enabling the telephone company (i.e. a cable/mobile communication company) to place telephone call containing an advertisement and at least one advertiser name and telephone number of advertiser as caller ID data to a subscriber device as recited in independent claims 1, 6, 13, 18, 20, 31, 33 and depicted in figure 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
